

## Keighley Association of Engineers (2022 syllabus)

Visit to : **Keighley Worth Valley Railway**  
Date: **Wednesday 16th March 2022**

Start time: **2 pm**  
Location: **Haworth Shed Car Park**

FOUNDED 1900

### Dear members and guests,

The Keighley Association of Engineers is pleased to announce our **March** event in our 2022 syllabus, a very special visit to **Keighley Worth Valley Railway**

The visit will be in the form of a guided tour of the workshops at Haworth with the engineer responsible for the railway's fleet, John Reddyhoff. John has been involved with the KWVR for around 50 years and has also had a distinguished career as a professional traction and rolling stock engineer with BR and latterly as Head of Engineering of the major UK rolling stock leasing company Eversholt Rail. John will describe the various processes involved in the maintenance and overhaul of the KWVR fleet including major refurbishments. During the visit, locomotives will be seen in various stages of overhaul and members will be able to see the latest additions to the workshop's facilities.

Please park your car without paying in the Haworth Shed car park above the Haworth Railway Station and meet at the car park entrance gate.

Covid Protocols: please don't turn up if you've tested positive or got symptoms.

Address: **Keighley & Worth Valley Railway,**  
**The Railway Station, Haworth,**  
**West Yorkshire BD22 8NJ**
