## **A visit to Airedale Springs Ltd.**

Date: Wednesday 14<sup>th</sup> September 2016  
Start time: 3.00 p.m.  
Location: See address details overleaf

**Dear members and guests,**

The Keighley Association of Engineers is pleased to announce its next event in the 2016 syllabus, a visit to Airedale Springs Ltd where in their new factory they will be pleased to show us their latest developments in spring manufacture.

Airedale Springs is a leading spring manufacturer in the UK with an enviable global reputation.

For more than 70 years, they have been manufacturing and giving design assistance to many clients for springs for various technologies, transforming innovative ideas into fully-functioning products for an array of sectors.

Throughout this time, they have had the pleasure of working with a number of high profile manufacturers and inventors, such as the masterminds behind the [Brompton Bicycle](#).

**Our visit is timed to see most of the manufacturing processes in this innovative local company.**
