

# **Keighley Association of Engineers**

## **Visit to M1 Engineering Limited**

Wednesday 13<sup>th</sup> October 2010

An opportunity for the Keighley Association of Engineers to visit M1 Engineering Limited has been arranged for 7.30pm Wednesday 13<sup>th</sup> October 2010.

M1 Engineering is an established leader in the manufacture of transportable tank containers, cryogenic vessels and road tankers for liquefied gas.

With over 35 years experience M1 Engineering is not only at the forefront of technical advances in the industry but also supplies its products globally making it one of our local success stories.

Recent success stories at M1 Engineering include Simon Binns who you may remember from our Annual Dinner back in April where he was awarded our very own Frank Watson prize.

A tour of the site has been scheduled for 7.30pm so please arrive a little before so we can make a prompt start for what promises to be an excellent visit.

M1 Engineering's address is as below,

M1 Engineering Limited  
Commondale Way  
Euroway Trading Estate  
Bradford  
BD4 6SQ

Regards

Paul Higson - President
