

Visit to REAL Engineering (Yorkshire) Ltd

Date: Thursday 12th September 2013
Start time: 7.30 p.m.
Location: Keighley (see address details overleaf)

Triphase Spiral Freezer Refurbishment for a major bakery in the south of England.

"This successful project was completed on time and on budget by a team of 16 engineers working 24 hours per day. The customer was delighted with the work and will be using REAL Engineering for a number of similar projects over the next 12 months."

Dear members and guests,

The Keighley Association of Engineers is pleased to invite you to visit the Real Engineering manufacturing plant in Keighley. Real Engineering Ltd are a team of dedicated, specialist engineers providing high quality sub-contract metalworking solutions.

In recent years the business has developed rapidly, manufacturing an extensive range of products as well as continuously providing for a number of engineering sectors, predominantly food, escalator works, machine tool and water treatment.

Quality assurance and on-going development have allowed Real Engineering to build up tremendous expertise in the engineering field and continue close relationships with many high profile multinational clients.

Join us for an interesting and informative visit to this local specialist engineering company.

Check out the Keighley Association of Engineers website for details of future events.

We have updated our website and shortened the address to www.kaoe.org.uk please visit the site to see the new look – you will see that we have added Face Book and Twitter links – hope some of you will use these.

One of the improvements to the site is much easier editing facilities. If you have any photographs of recent events which are of compact form and can be emailed to me please do that and I will make sure they go on the new site.

Contributions to forthcoming site visits and lecture opportunities may be posted on the website. We look forward to your feedback.
