

FOUNDED 1900

Keighley Association of Engineers (2015 /16 syllabus)

A visit to Weir Minerals (Foundry) Ltd

Date: Tuesday 8th December 2015
Start time: 7.00 p.m.
Location: See address details overleaf

Dear members and guests,

The Keighley Association of Engineers is pleased to announce its next event in the 2015-16 syllabus, a visit to Weir Minerals Foundry located in Todmorden.

Weir Minerals Europe manufacture and supply slurry pumps, hydrocyclones, slurry valves, mill linings and mine dewatering units to customers across Europe, the Middle east, and the former Soviet Union states. Weir Minerals Europe focus on customer critical applications by delivering lowest ownership cost to our customers through core competencies of engineered hydraulics and materials technology.

We can expect a highly interesting and informative visit to this specialist local manufacturing company.

Note:

It is recommended to wear appropriate attire complete with safety shoes and glasses during this visit, visitors are kindly requested to bring their own PPE equipment if available.

Please book you place with John Pankhurst as the Company require a list of names before the visit – jpankhurst@totalise.co.uk 139 Westburn Avenue, Keighley, BD22 6LB, mobile 07582 822922
