

Keighley Association of Engineers

Visit to Denford Limited

Thursday 22nd April 2010

An opportunity for the Keighley Association of Engineers to visit Denford Limited has been arranged for 7.15pm Thursday 22nd April 2010.

Denford has a proud tradition as a British based manufacturer of machine tools, which stretches back to before the Second World War.

Founded in Brighouse by Horace Denford the company originally produced inspection and measuring equipment but later started the manufacture of precision bench lathes under the 'Box-Ford' brand.

Today Denford manufactures a broad range of CAD/CAM/CNC solutions, including CNC Mills, Lathes and Routers, all of which are available with metal cutting capability. Denford also offers 3D Printers, Laser Cutters, 3D Scanning Solutions, and Cutters/Plotters.

A tour of the site has been scheduled for 7.15pm Thursday 22nd April so please inform either John Pankhurst (jpankhurst@totalise.co.uk) or Paul Higson (higkar@aol.com) if you are wishing to attend what promises to be an excellent visit.

Denford's address is as below,

Denford Limited
BIRDS ROYD
BRIGHOUSE
WEST YORKSHIRE
HD6 1NB

Regards

Paul Higson - President
