Visit to : **Craftsman Tools Ltd. Otley**  
Date: Tuesday 29<sup>th</sup> January 2019  
Start time: 6.45 for 7.00pm  
Location: see below

**Dear members and guests,**

The Keighley Association of Engineers is pleased to announce a January event in our 2019 syllabus, a visit to **Craftsman Tools Ltd, Otley**.

We had an excellent visit to this company in 2007 which was one of the best local visits we ha made that year, so with so many new things to show us they have invited us back.

Craftsman Tools Ltd is a multi-award winning UK precision engineering company specialising in toolholding, workholding and supply chain management.

With world-class personnel and technology, Craftsman Tools invests heavily in its people and machinery. This ensures that they remain highly competitive and at the forefront of worldwide manufacturing excellence.

They are a long-established, family-owned business. They continue to build successful long-term collaborations with respected market leaders across a variety of sectors. These include oil exploration, aerospace, automotive, food technology and machine tool manufacture. Many of their clients are global players, with whom they have worked in partnership for many years.

You can see more about the company on their website:

**Craftsman Tools Ltd** : <https://www.craftsmantools.com/>

**Address:** Side Copse, Otley, West Yorkshire, LS21 1JE

Take the Poole Road out of Otley and with Asda car park on your left turn immediate right up Bennett Street, the company is at the top. See attached location map.
