**Dear members and guests,**

The Keighley Association of Engineers is pleased to announce a March event in our 2024 syllabus, a visit to **Craftsman Tools Ltd, Otley**.

We have had excellent visits to this company in the past, so with so many new things to show us they have invited us back.

Craftsman Tools Ltd is a multi-award-winning supplier of precision tool holding, work holding, and supply chain management services to a broad spectrum of the engineering sector.

Throughout their 70-year history Craftsman Tools has invested heavily in both its people and machinery to ensure that it remains highly competitive and at the forefront of manufacturing excellence on a worldwide level.

To guarantee the highest quality possible they manufacture all their products exclusively from their headquarters in the UK. This is also where their award-winning Apprentice School is based, where they are committed to bringing the next generation of engineers into manufacturing.

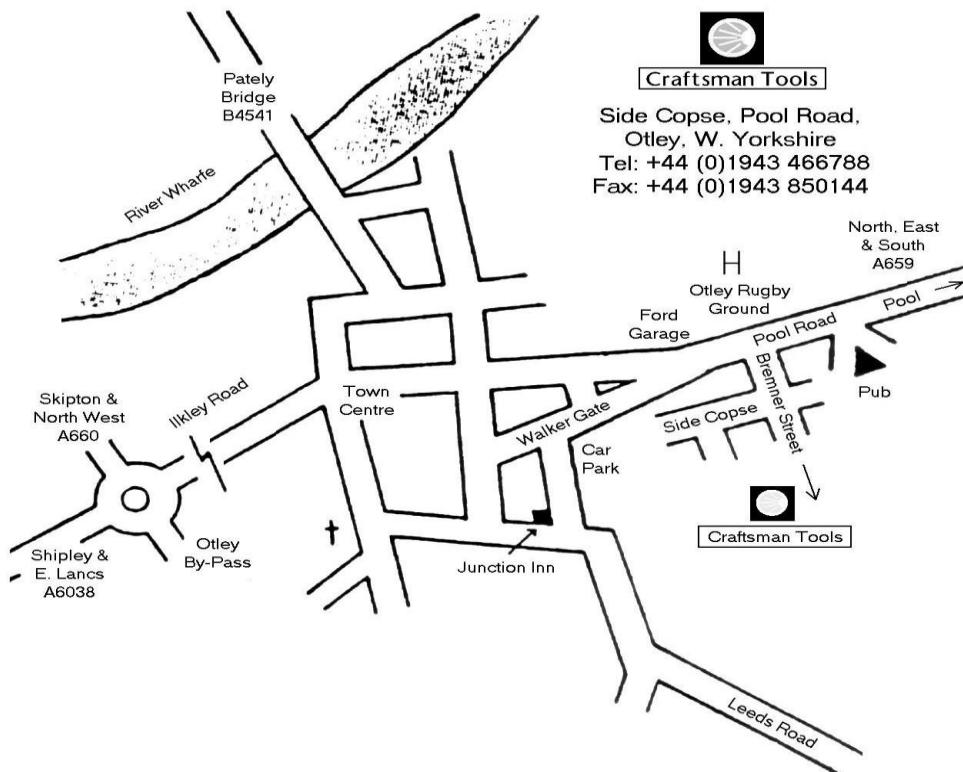

You can see more about the company on their website:
