FOUNDED 1900

Dear Members,

The Keighley Association of Engineers is pleased to announce our **April** event in our 2025 syllabus, a visit to **Byworth Boilers Limited**.

Do you need a reliable steam boiler from a brand you can trust? No matter what your steam or hot water requirements are, Byworth can provide a solution that will fit your needs.

All boilers are designed and manufactured to order, ensuring customers have full control over the specification from start to finish.

Steam boilers are available to order in sizes from 125 kg/hr up to 19,000 kg/hr, and industrial hot water boilers in sizes 100 kW to 10,000 kW.

From their Peaksman vertical steam boiler through to bespoke waste heat recovery steam boilers and Unity boiler house control system, all products are designed and manufactured in the UK by their team of industry experts.

Please book places by letting me know you are attending and wear safety footwaare and eye protection suitable for a manufacturing visit.
