

Keighley Association of Engineers (2026 syllabus)

Event: Modern Manufacturing using new technology

By: Rukun Ahmed - www.computergentle.com

Date: Thursday 5th February 2026

Time: 7.30 to 9pm

Venue: Keighley Heathy Living Centre Scott Street, Keighley

<https://maps.app.goo.gl/eRqTULE9Lj4xmpKz7>

Dear Member or Guest, we are pleased to launch our 2026 syllabus with the above talk. Rukun will take us through a range of technologies including, AI, machine learning, robotics, automation, and 3D printing.

Guests are most welcome but please book your places for this innovative talk with Grant Hewitt - granthewittkaoe@hotmail.com and 07863654356

Website Computer Gentle www.computergentle.com

This event will be held at Keighley healthy living centre 13 Scott St, Keighley BD21 2JH. Parking here is limited and advice would be to park up at the Scott ST carpark behind Wetherspoons where this is a short walk along the road to the venue.
